

# Program Participation Addendum — Model Provider

**Model Program Advisors, LLC (proposed) · a multi-program commodity trading advisor · mpaclient.com**  
Template for counsel review · October 28, 2026 · Principal: Austin Putt · BRACKETED TEMPLATE — nothing herein is used unless and until the Advisor is registered with the CFTC as a CTA and is a Member of NFA with an NFA-accepted Disclosure Document

## 1. What this is

[PROVIDER NAME] (the "Provider") publishes a trading model on the marketplace operated by [PLATFORM OPERATOR] (the "Platform") under the Platform's Model Provider Agreement dated [DATE] (the "Platform Agreement"). Model Program Advisors, LLC (the "Advisor"), a commodity trading advisor registered with the CFTC and a Member of NFA, wishes to approve that model as a trading program replicated in the Advisor's clients' futures accounts. This Addendum sets out the few things the Advisor needs from the Provider to do that. It supplements the Platform Agreement and creates no other relationship: the Provider remains a publisher on the Platform's marketplace, is not the Advisor's employee, agent, associated person, or sub-advisor, and advises no client of the Advisor. [Counsel: confirm the publisher characterization under CEA §1a(12)(B)(iv) for an impersonal model feed replicated by a registered CTA; if it does not hold, the fallback is AP registration with the Advisor or a sub-advisory agreement with a registered CTA.]

## 2. Nothing changes hands

The Provider receives nothing from the Advisor and nothing from any client of the Advisor, directly or indirectly, now or later. The Provider's compensation is the Platform's under the Platform Agreement, on terms the Provider confirms do not reference the Advisor's fees or any Advisor client's results. The Provider will not solicit, refer, or communicate with any Advisor client about the program.

## 3. Verification

The Provider consents to the Advisor verifying the model account directly with the venue, including by the venue's read-only API or statements delivered to the Advisor, for as long as the model is an approved program and five years after. The Provider will supply venue statements within [three] business days of request.

## 4. Conduct of the model account

While the model is an approved program the Provider will: trade the model account only as its published description states; give the Advisor [ten] days' notice before any change to the model's instruments, direction, sizing rule, or frequency, which the Advisor may treat as a new program requiring updated disclosure; not trade ahead of, against, or to the disadvantage of replicating clients; not operate an undisclosed second account to the model's benefit; and not request or use any information about the Advisor's clients' positions, which the Advisor will not disclose.

## 5. Performance claims

All performance presentation for the program is the Advisor's, from its Model Claims File, in the form CFTC Regulation 4.35 and NFA Rule 2-29 require. The Provider will not publish, and will not allow anyone to publish, any

performance figure for the model that refers to the Advisor or its program, and will not describe itself as affiliated with or endorsed by the Advisor. The Provider's own marketplace profile remains subject to the Platform Agreement and to the Advisor's approval of any text that mentions the program.

## 6. Notices

Within one business day the Provider will tell the Advisor of: any regulatory inquiry, complaint, or action concerning the Provider or any of its principals; any venue disciplinary action; any criminal charge; any change of control; and any circumstance that would require disclosure under the Advisor's Disclosure Document Sections 2, 6, or 7.

## 7. Suspension and withdrawal

The Advisor may suspend or withdraw the program at any time, for any reason, without liability to the Provider, and will notify the Platform so that the model is removed from futures-program visibility. The Provider may withdraw the model from program use on [thirty] days' notice. Withdrawal does not affect the Provider's publication on the marketplace under the Platform Agreement.

## 8. Records and cooperation

The Provider will keep records of the model account for five years and will cooperate with the Advisor's supervisory procedures and with NFA.

## 9. General

This Addendum is governed by the law and dispute provisions of the Platform Agreement, except that the Advisor is a third-party beneficiary of the Provider's obligations there and a party here. [Counsel: conform to the Platform's Model Provider Agreement; confirm the Advisor's third-party-beneficiary position; confirm that a per-follower seat payment from the Platform to the Provider, if used, is not performance-based compensation.]
